Hot WEB SITE

Jetsetter is a new site that hosts flash sales on accommodations at hotels, resorts and lodging spots all over the world — each hand-selected by travel industry experts. The destinations are fabulous, and so are the prices (up to 60 percent off normal rates)! This month, look for deals in Bali and Napa. The free membership is available by invitation only, but lucky *Star* readers can visit jetsetter.com/register/promo/starmagazine to join.

Hot CONFECTIONARY

Sucré is a premium sweets boutique in New Orleans that has attracted the likes of **Salma Hayek, Heather Graham** and **Nicholas Cage**, according to reps. But you don't have to make it to The Big Easy to enjoy the goodies at this shop — most items can be shipped nationally! The holiday chocolate collection makes a festive gift, and the macarons (Salma's pick) are a year-round treat. shopsucré.com
